 Administration**

Adopted: Summer 2000

Approved: 10/6/2015

Section 54-258 of the Connecticut General Statutes, as amended by Section 9 of Public Act 99-183, permits state agencies, the Judicial Department, and law enforcement authorities to notify government agencies (including school districts), when any such state agency, the Judicial Department, or law enforcement authority believes such notification is necessary to protect the public or any individual in any jurisdiction from any person who is subject to registration under Section 54-251 of the Connecticut General Statutes (the sexual offender registry).

When, pursuant to Section 54-258 of the Connecticut General Statutes, the Board of Education has been informed in writing by any state agency, the Judicial Department, or law enforcement authorities of the presence of a registered sexual offender within the school district, the Board of Education shall take affirmative steps to notify appropriate school personnel in order to protect the safety of students enrolled in the school district.

The Superintendent shall be responsible for the formulation, implementation and revision of administrative regulations to implement this policy.
